## UMaine CareerLink Instructions – Employer

### I. Creating an Account

Most any service you are looking for can be done through the convenience of the UMaine CareerLink system. Searching student resumes, scheduling an on-campus recruiting visit, placing a job and registering for job fairs can all be done by you from your own workstation or mobile device.

1. Go to <http://www.umaine.edu/career/> and click on CareerLink.
2. Click Go in the Employer Section, then click the Register tab
3. Complete the registration form and click submit. Be sure to provide information for all of the required fields marked with a red asterisk.
4. You will see a 'Thank you for registering message' confirming your registration is complete. You will not see this message if you failed to provide information for a required field. As soon as we approve your registration, you will receive an email confirmation which will contain your login information. (We will approve new employer accounts continuously throughout each business day.) That is it! Your email should be arriving shortly.

## How to Use the On-Campus Recruiting (OCR) Menu Options

(includes: schedules, positions, interviews & applicants)

### 1st Tab: Schedules

From this page, you can create a new schedule request by clicking on the Request A Schedule button. You can also view and edit schedules you have already set up by following the instructions below.

From this page you immediately see the list of your schedules and below that you see your Pending Schedule Requests. Under Schedules, click on the date for your schedule to see all of your information for that particular schedule in one place, including Positions Recruited, Schedule Details, Interviews Scheduled, and Applicants. Notice the Tasks menu on the left of your screen. This is where you can edit your information and see even more details such as:

1. **Review Schedule:**
  1. Positions Recruited: shows your current jobs, the schedules they are attached to, interview date(s), number of rooms, and number of applications and interview slots.
  2. Schedule Details: shows you all the relevant information and dates for your schedules – including student & employer deadline dates. The Edit Schedule

Details button will allow you to edit certain information about your schedule depending on where the schedule is in the OCR process (for example, you will not be able to change the interview length after students have begun signing up).

3. **Interview Scheduled:** Allows you to see which of the invited students have signed up and their interview time.
4. **Applicants:** Shows you the list of all your invited students.
2. **Edit Schedule Details:** This is another way to edit the same information.
3. **Attach Positions for Recruitment:** Click here to attach another position to one of your schedules.
4. **Room/Timeslot Availability:** If you have more than one job and want each job to have separate rooms/schedules, this is where you can make that happen. Just select the job in the drop down menu and make sure the + signs are turned on only for the number of rooms you want this job interviewed in. (If you have any questions, contact Career Services and we will be glad to help you.) You can also make adjustments to your schedule, block out times you do not want to use for interviewing, change your last interview time to earlier in order to leave early, etc. Remember, once students begin signing up, changes to your schedule cannot be made.
5. **View Another Schedule:** This takes you back to the list of your schedules found when you clicked on the Schedules tab. You can click on another schedule date to view all these details for another of your schedules.
6. **Request A Schedule:** Click this link to request additional schedules.

Note: You will only see the links that are relevant to the particular schedule you are viewing. For instance, if it is too late to add another job to your schedule, you won't see option number 3 under your Tasks heading.

## 2nd Tab: Positions (Jobs)

**Important Note:** In the OCR menu, to post a new job you must first request a schedule for that job to be attached to or attach it to an existing schedule.

View a list of all your OCR jobs currently in the system and what schedule they are attached to. Click on the Title of the job to see the full position information. To return to the list of jobs, hit the return button at the bottom or the return link at the top far right of your screen. To edit a job, click on the job name. After you make your changes, click on the Submit button. If you want to erase your edits, click on the Reset button.

## 3rd Tab: Interviews

1. View your scheduled interviews for your upcoming OCR visit. Choose which job you want to view from the Position drop down menu and click Apply Search button. If no students have signed up yet, you will get a 'no records found' message. Once students begin signing up, you will see the schedule, the position, student name, room, time and student document(s) listed on this page.
2. **Mass Email/Generate Personal Resume Book:** From this list you can send an email to any number of students listed on this screen by clicking the box on the far left of the screen, which will put a checkmark in the box. After you have selected your student(s), from the Batch Options drop down menu choose either Mail to Checked or Generate Book to keep specific resumes gathered in a resume book of your making.

#### 4th Tab: Applicants

From this page you can search by position (using the Position drop down menu) for all students who were invited or made alternates, etc. (from the Status drop down menu). You can also search by student name if you need to specifically look up certain students. Students may decline an interview invitation online. You can see which students (if any) declined an interview from this page.

#### 5th Tab: Wait-List

UMaine does not currently use wait lists.

#### 6th Tab: Publication Requests

You can create a resume book or packet of resumes you would like grouped together and the Publication Requests page is where you would access that. Resume packets are also a good way to print groups of resumes at the same time. You can also create a schedule packet which will contain a copy of your OCR schedule and all the relevant resumes.

  4. **Pre-Select to Open** – Employer initially screens students but will also allow students who were not chosen as Invited or Alternates to sign up through open sign-ups, if slots remain.
  5. **Pre-Select to Alternate to Open** – Invited students will be able to sign up on the schedule first. Several days later, Alternates will be given the chance. If any interview slots remain open, several days prior to the interview date students not invited at all will be able to sign up.

## How to View & Manage Submitted Resumes

1. From your home page, click on the OCR Applicants Quick Link to view students who applied for OCR jobs. (Or click on the OCR menu across the top of your screen, the click on the Applicants tab.)
2. **View the list of applicants.** You can see their name, the position applied for, submitted documents and the status.
  - A. **Last Name:** Notice the last name is a link. Click this to go to the Applicant Status page. If you have more than one schedule/day and want to choose which schedule/day this particular applicant can sign up on, you can make that decision here.
  - B. **Documents:** To view the resume in PDF format click on the paper icon with the 'R' on it.

- C. **Status:** This is where you will make your interview decision for each applicant. If you see the 'Select has not begun yet' message in the Status column, that means the students are still able to apply. After their apply deadline & during the employer decision dates, the status will read 'pending' meaning employers will now be able to record their decisions. Checkmark multiple students and click on the Change Status To dropdown menu to mark a batch of students as Not Invited, Invited, etc.

**Important Information on Inviting/Not Inviting Students:**

- a. Once you change the status for each applicant from Pending to Invited, Not Invited, etc., you are finished. You do not need to save or submit your changes because the system automatically saves your changes. You can make changes until the Student Sign Up Period begins. After that, the status choices will no longer be available. \*Note: The students see Pending as their status until their sign up period begins regardless of what you have changed their status to be and when you changed it.
  - b. Students marked Pending will be automatically changed to Not Invited at the end of the Employer Select period.
  - c. If an invited student declines the interview, you will see that on the right of the status in the Status column.
  - d. Once an invited student signs up on your schedule, they will no longer appear on the Applicants page, but instead will appear on the Interview page. You can view the list of students who have signed up for an interview time by clicking on the Interviews Tab. You can also view your schedule(s) in the interview schedule format by clicking on the Schedules tab and then on the View Interview Schedule link on the left.
3. **View Schedule:** Once a student signs up for an interview, the interview details appear under the Interviews tab. You can also view your schedule(s) in the interview schedule format by clicking on the Schedules tab and then on the View Interview Schedule link on the left.
