Best wine to pair with lobster!

Created by our good friends Tim Wissemann and Steve Melchiskey

A Wine that Gives Back

A portion of all sales are contributed to the Lobster Institute to help sustain a healthy lobster resource, a vital lobster fishery, and the heritage of local fishing communities on the Coast of Maine.

Both Tim and Steve firmly believe that a wine that was designed to complement Maine’s best loved resource should give something back.

They developed a donation program supporting the Lobster Institute both financially and by creating awareness for the important work they do in sustaining this historic fishery.

You can order Big Claw Wine online at [www.wineexpress.com](http://www.wineexpress.com) or find a list of stores that sell Big Claw on the Lobster Institute’s Web site [www.lobsterinstitute.org](http://www.lobsterinstitute.org).
