Foreword

It gives us great pleasure to introduce this collection of papers to be presented at the 2013 International Conference on Security and Management (SAM’13), July 22 through 25, 2013, at the New Tropicana Hotel, Las Vegas, USA.

The conference was sponsored and or supported by the US Chapter of World Academy of Science (http://www.world-academy-of-science.org/); Computer Science Research, Education, and Applications Press (CSREA); Aldebaran Robotics Inc., USA; Taylor & Francis, United Kingdom. In addition, a number of university faculty members and their staff (names appear below and also on the cover of the proceedings), several publishers of computer science and computer engineering books and journals, chapters and/or task forces of computer science associations/organizations from 5 countries, and developers of high-performance machines and systems provided significant help in organizing the conference as well as providing some resources.

An important mission of World Congress in Computer Science, Computer Engineering, and Applied Computing (a federated congress to which this conference, SAM, is affiliated with) includes "Providing a unique platform for a diverse community of constituents composed of scholars, researchers, developers, educators, and practitioners. The Congress makes concerted effort to reach out to participants affiliated with diverse entities (such as: universities, institutions, corporations, government agencies, and research centers/labs) from all over the world. The congress also attempts to connect participants from institutions that have teaching as their main mission with those who are affiliated with institutions that have research as their main mission. The congress uses a quota system to achieve its institution and geography diversity objectives."

The program committee would like to thank all those who submitted papers for consideration. About 40% of the submissions were from outside the United States. Each paper was peer-reviewed by at least two experts in the field (occasionally by three) for originality, significance, clarity, impact, and soundness. The only exception to the above evaluation process was for papers that were submitted directly to chairs/organizers of approved sessions/workshops; in these cases, the chairs/organizers were responsible for the evaluation of such submissions.

We are very grateful to the many colleagues who helped in organizing the conference. In particular, we would like to thank the members of the SAM’13 Program Committee who we hope will offer their help again in organizing the next year's conference (SAM’14). The SAM’13 Program Committee members were:

- Dr. Iftkhar Ahmad, Department of Software Engineering, King Saud University, Saudi Arabia
- Prof. Wasim Al Hamdani, Department of Computer Technology Sciences, Kentucky State University, USA
- Prof. Nizar Al Holou, Chair, Department of Electrical and Computer Engineering, University of Detroit Mercy, USA
- Prof. Hamid R. Arabnia, (Vice Chair and Coordinator, SAM’13), Elected Fellow, ISIBM; Editor-in-Chief, The Journal of Supercomputing (Springer); University of Georgia, Georgia, USA
- Dr. Shadi Banitaan, Computer Science and Software Engineering, University of Detroit Mercy, USA
- Dr. Rita Barrios, Computer and Information Systems, University of Detroit Mercy, USA
- Dr. Clive Blackwell, Computing and Communication Technologies, Oxford Brookes University, UK
- Dr. Violeta Bulbenkiene, Department of Informatics Engineering, Klaipeda University, Lithuania
- Dr. Juan V. Capella, Department of Computer Engineering, Technical University of Valencia, Spain
- Dr. Feng Cheng, Chair of Internet Technologies and Systems, Hasso-Plattner-Institute, University of Potsdam, Germany
• Prof. Kevin Daimi (Conference Chair, SAM’13), Director, Computer Science and Software Engineering Programs, University of Detroit Mercy, USA
• Dr. Hiroshi Dozono, Faculty of Science and Engineering, Saga University, Japan
• Prof. Guillermo Francia, Director, Center for Information Security and Assurance, Mathematical, Computing, and Information Sciences Department, Jacksonville State University, USA
• Dr. Bela Genge, Institute for the Protection and Security of the Citizen, Joint Research Centre, European Commission, Italy
• Prof. Solange Ghernaouti-Hélie (Program Co-Chair, SAM’13), Faculty of Business and Economics, University of Lausanne, Switzerland
• Dr. Luis Hernandez Encinas, Department of Information Processing and Coding, Information Security Institute (ISI), Spain
• Dr. Levent Ertaul, Department of Mathematics and Computer Science, California State University East Bay, USA
• Dr. Shaikh Abdul Hannan, Vivekanand College, India
• Dr. Michael Grimaila, Department of Systems and Engineering Management, Air Force Institute of Technology, USA
• Dr. Hicham H. Hallal, Electrical Engineering, Fahad Bin Sultan University, Saudi Arabia
• Dr. John Homer, School of IT & Computing, Abilene Christian University, Abilene, TX, USA
• Dr. Hanen Idoudi (Posters Co-Chair, SAM’13), National School of Computer Sciences, Manouba University, Tunisia
• Dr. Devesh Jinwala, Head, Department of Computer Engineering, SV National Institute of Technology, India
• Prof. Hiroaki Kikuchi (Program Co-Chair, SAM’13), Department of Frontier Media Science, School of Interdisciplinary Mathematical Sciences, Meiji University, Japan
• Dr. Arash Habibi lashkari, School of Advanced Informatics, University Technology Malaysia, Malaysia
• Prof. Kathy Liszka (Program Co-Chair, SAM’13), Department of Computer Science, University of Akron, USA
• Dr. Flaminia Luccio (Sessions/Workshops Co-Chair, SAM’13), Department of Environmental Sciences, Informatics and Statistics, Ca’ Foscari University of Venice, Italy
• Dr. Kimberly Lukin, Chief Information Security Officer, IT Center, University of Helsinki, Finland
• Dr. Naufal Bin Mansor, School of Mechatronics, University of Malaysia Perlis, Malaysia
• Dr. Wojciech Mazurczyk, Faculty of Electronics and Information Technology, Warsaw University of Technology, Poland
• Dr. Esmiralda Moradian (Posters Co-Chair, SAM’13), Department of Computer and Systems Sciences, Stockholm University, Sweden
• Dr. Sergey Morozov (Sessions/Workshops Co-Chair, SAM’13), Computer Science and Software Engineering, University of Detroit Mercy, USA
• Nader M Nassar, Innovation for Security and Compliance Group, IBM Corp, USA
• Dr. Asoke Nath, Department of Computer Science, St. Xavier’s College, India
• Dr. Saibal Pal, Defense R&D Organization, India
• Dr. Cathryn Peoples, Faculty of Computing and Engineering, University of Ulster, Northern Ireland, United Kingdom
• Prof. Minvydas Ragulskis, Mathematical and Numerical Analysis of Dynamical Systems, Kaunas University of Technology, Lithuania
• Dr. Peter Schartner, System Security Research Group, Alpen-Adria University Klagenfurt, Austria
• Dr. Manoj Shukla, Research and Development Coordinator, Faculty of Engineering & Technology, Sunder Deep Group Institution, India
• Dr. Waralak Vongdoiwang Siricharoen, Computer Science Department, University of the Thai Chamber of Commerce (UTCC) Bangkok Thailand
• Dr. Nicolas Sklavos, Informatics & MM Department, Technological Educational Institute of Patras, Greece
• Ashu M.G. Solo (Publicity Chair, SAM’13), Maverick Technologies America, Wilmington DE, USA
We express our gratitude to keynote, invited, and individual conference/tracks and tutorial speakers - the list of speakers appears on the conference web site. We would also like to thank the followings: UCMSS (Universal Conference Management Systems & Support, California, USA) for managing all aspects of the conference; Dr. Tim Field of APC for managing the printing of the proceedings; and the staff of the New Tropicana Hotel in Las Vegas for the professional service they provided. Last but not least, we would like to thank the Co-Editors and Associate Co-Editors of SAM’13: Prof. Kevin Daimi, Prof. Hamid R. Arabnia, Prof. Michael R. Grimaila, Prof. Kathy Liszka, Prof. George Markowsky, and Ashu M.G. Solo.

We present the proceedings of SAM’13.

Steering Committee,
2013 World Congress in Computer Science, Computer Engineering and Applied Computing

Multi-Applications Secure Mobile Platform
Hao Zhao, Sead Muftic

Multi-Vendor PayWord with Payment Approval
Andrea Huszti

Social Networks Steganography using Unions of Lucas Sequences
Nikolaos Aroukatos, Kostas Manes, Kostas Rigos, Fotis Georgiakodis

Inter-Cloud Trust Model Security: Issues and Challenges
Dana Al Tehmazi

SESSION: SECURITY MANAGEMENT, SECURITY EDUCATION, AND HARDWARE SECURITY II
Securing the Bolts before the Horse has Bolted: A new Perspective on Managing Collaborative Assurance
Simon Reay Atkinson, Seyedamir Tavakolitabaezavareh, David Walker, Li Liu, Liaquat Hossain

Anonymous Retrieval of k-NN POI in Location Based Services (LBS)
Charles Asanya, Ratan Guha

Cyber-security Defense in Large-scale M2M System Actual Issues and Proposed Solutions
Mohammad Fal Sadikin

SESSION: COMPUTER SECURITY II
Pictorial Presentation of Computer Behavior and Fault Detection Automation Using Genetic Algorithm
Ali Elsawwaf, Ahmed Eldessouky

Correlation Analysis of Cyber Threat Information in Heterogeneous Security Systems
Jae-Kook Lee, Chae-tae Im

Towards a Service Migration Architecture for Service Availability
Yanjun Zuo

FAPA: A Model to Prevent Flooding Attacks in Clouds
Kazi Zunnurhain, Susan V. Vrbsky

SESSION: COMPUTER AND NETWORK SECURITY
Mobile Root Exploit Detection based on System Events Extracted from Android Platform
You Joung Ham, Won-Bin Choi, Hyung-Woo Lee
ASNM: Advanced Security Network Metrics for Attack Vector Description
Ivan Homoliak, Maros Barabas, Petr Chmelar, Michal Drozd, Petr Hanacek

Detecting Distributed SQL Injection Attacks in a Eucalyptus Cloud Environment
