Student Employee Appreciation Week!

Where would the University of Maine be without student employees? Student employees play a vital role in the day-to-day operations of every department on campus. The week of April 13th through April 17th is designated to show our appreciation for the important contributions student employees make to the University of Maine. The Office of Student Employment will be hosting events throughout the week to celebrate student employees. Departments are encouraged to do something special for their student employees during this week. Recognizing student employees demonstrates how much the University of Maine community values the importance of their contributions.

The most significant event of this week is the Student Employee of the Year Banquet. This event celebrates the students nominated by their departments to receive our prestigious Student Employee of the Year award. This year there will be both an undergraduate and graduate winner. The winners will be entered in the regional competition and possibly even the national competition.

To assist us in demonstrating our appreciation for student employees, local businesses have generously donated many prizes. One lucky student will win a kayak donated by Old Town Canoe!!! Encourage your students to stop by the Office of Student Employment for fun and a chance to win prizes!

Manager's Notes

Our New Addition

I'm so pleased to announce that we have a new Administrative Assistant in the Office of Student Employment. Amy MacDougall started working for our office in February, so some of you may have already had the pleasure of speaking with her. Amy comes to us from the Office of Student Financial Aid, where she worked as an Administrative Assistant in the loan area for 11 years. Amy's knowledge of financial aid and the campus community will prove to be invaluable to our office. Amy will be your first contact in the Office of Student Employment. If you have any questions or concerns that relate to Student Employment, please feel free to contact Amy.
