Spring 2015 SVT Industrial Advisory Committee Meeting Minutes

Attendees: David Humphrey, Joe McNichols, Shep Sheppard, David Titcomb, Louis Morin, Carlton Brown, Knud Hermansen, Ray Hintz

Minutes of fall 2014 meeting were approved. It was noted student complaints of math and physics are non-existent this semester.

Use of the soon to be purchased drone in class and attracting students was discussed.

The possible use of “applied” engineering as a name in general for SET was discussed.

Carlton discussed the June National Surveying Teachers conference in Orono.

The results of the ABET visit were presented and discussed.

The evolution of the PSM Surveying Engineering was presented and discussed.

Respectively submitted,
David Humphrey
