Director of MBA Programs
Maine Business School
5723 DP Corbett Business Building, Room 209
Orono, Maine 04469

Signature

Date

Student declaring the 5-Year MBA program will work with the MBA Director in conjunction with their current undergraduate faculty advisor as they work toward achieving all prerequisites by the end of their baccalaureate degree program.

Prerequisites for the MBA program require a B- minimum each. Certain courses bear their own prerequisites and non-business majors must have prior approval by the MBA Director for business coursework listed at: <http://umaine.edu/business/mba/prerequisite-courses/>.

Important: In the senior year of the student's undergraduate program, providing the student is in academic good standing with prerequisites, has formally applied to the MBA program, and has taken the GMAT, the student may enroll in up to two graduate level courses with provisional acceptance to the program.

The Declaration of Intent does not guarantee admission to the MBA program or registration for graduate level courses. All 5-Year MBA candidates are subject to MBA admission requirements. Students are advised to work closely with the MBA Director and their current undergraduate advisor.
