# Killam Fellowships Program

## Partner Universities

The Killam Fellowships Program provides an opportunity for exceptional undergraduate students from universities in Canada and the United States to spend either one semester or a full academic year as an exchange student in the other country. Students may participate in the program either as a direct exchange student (registering at their home university, paying their home fees, and attending the host university as an exchange visitor) or as a self-placed visiting student (applying for and registering at the host university, and paying host tuition fees).

### American
