MANAGING WOODLANDS 'WITH BIRDS IN MIND'

Forestry for Maine Birds

The Forestry for Maine Birds (FFMB) approach integrates bird conservation into forest management and planning. During this 3.5 -hour field tour, you will learn:

- Why Maine forests are globally significant for breeding forest birds
- How to conduct a handy habitat assessment
- How to enhance habitat for priority forest birds and a variety of other wildlife species
- How different silvicultural practices may affect and/or benefit forest birds
- How to integrate habitat enhancements with other landowner goals
- How to survey breeding birds using acoustic methods

FFMB WORKSHOP

TUESDAY, MAY 20, 9:30-1:00

LOCATION: MASN Mayfield Site
Mayfield TWP near Bingham, Maine

Free but please register at:
<https://forms.gle/1GqH9BdHRdSZosnaA>
