ASSISTANT PROFESSOR: CHEMICAL ENGINEERING - TENURE-TRACK

The Department of Chemical and Biomedical Engineering (CBE) at the University of Maine, the flagship R1 campus of the University of Maine System, invites applications for Assistant Professor in Chemical Engineering (tenure-track) as part of a cluster hire focused on Green Engineering and Materials (GEM), led by the Advanced Structures and Composites Center (ASCC). At this time the UMaine College of Engineering is extensively expanding both facilities and programming.

Applicants must have earned a Ph.D. (or equivalent) in Chemical Engineering or a closely related field, such as Polymer Science & Engineering, by the date of hire. CBE (<http://www.umaine.edu/chb/>) has 17 faculty and offers ABET accredited B.S. degrees and also M.S. and Ph.D. degrees in Chemical Engineering.

Applications should be submitted to the Department of Human Resources via <https://umaine.hiretouch.com>. This link has the full job description for this position under job id # 73292. Review of applications will begin March 1. The expected start date is August 29, 2022. Inquiries about this position may be sent to search committee chair: [Peter.vanWalsum@maine.edu](mailto:Peter.vanWalsum@maine.edu).

*As a former NSF ADVANCE institution, the University of Maine is committed to diversity in our workforce and to dual-career couples. It is our intention to create an environment that is inclusive of all individuals.*
