Viewing Your Degree Progress Report

Once you've accessed your progress report, there will be two ways of viewing it. The first is to view the report that Mainstreet has provided for you. The layout usually extends the requirements that have not been completed, and the ones that have been completed need to be clicked manually for the information to be extended and viewable. However, if you want to view the report with every requirement extended whether it's been completed or not, there will be a link underneath the "Important Information" introduction that reads, "view report as pdf". This pdf will give you a fully extended view of your Degree Progress Report.

* If you're unsure of you're username and password, or are having troubles logging in, the IT help center can help you with those problems. Their number is (207) 581-2506.
