Writing Intensive: _____	_____	_____	_____	
WI in the major: _____	_____	_____	_____	
*Minimum grade = C (not C-)	_____	_____	_____	COMPLETED: _____

**CAPSTONE EXPERIENCE**

<u>Course</u>	<u>Semester</u>	<u>Grade</u>	<u>Credits</u>	
_____	_____	_____	_____	COMPLETED: _____

*This is a summary of progress toward completion of General Education Requirements only. Requirements for the major must be checked with the major department.*

**COLLEGE OF LIBERAL ARTS AND SCIENCES**

**DISTRIBUTION REQUIREMENTS - BACHELOR OF ARTS (B.A.) DEGREE STUDENTS**

All students pursuing the Bachelor of Arts (B.A.) degree in the College of Liberal Arts and Sciences must complete a second major or a minor outside the major. *Please note: Does not apply to BME, MUP, PHY (BS), CHY (BS), COS (BS), MAT (BS) and BFA degrees in the college. AED majors will automatically complete a minor in studio art and art history as part of their degree requirements.*

*Students are responsible for knowing and meeting all the degree requirements. To assist you in keeping informed about the progress made toward the degree, we strongly recommend that you generate a degree progress report at the end of each semester and prior to registering for classes and check with the dean's office if you do not understand it or have questions about its limitations.*

**ADDITIONAL GRADUATION REQUIREMENTS:**

**FOR ALL LIBERAL ARTS AND SCIENCES STUDENTS:**

1. Students must have a **minimum** total of 120 degree hours with an accumulative grade point average of 2.0 or better in the major and overall. (Note: some majors require more than 120 degree hours.)
2. A minimum of 30 credits originating from the University of Maine campus with at least 15 of those credits at the 300 level or higher is required for the attainment of any bachelor's degree. For more information, please refer to the undergraduate <http://catalog.umaine.edu/>

**THE FOLLOWING DOES NOT APPLY TO BME, MUP, PHY (BS), CHY (BS), COS (BS), MAT (BS) AND BFA:**

3. Students must complete a minimum of 60 credits outside of the academic major. For example, anthropology majors must complete 60 credits of course work outside of anthropology. Stated in the reverse, an anthropology major is allowed a maximum of 60 anthropology credits toward the required 120.
4. A maximum of 2 physical education (KPE) skills credits may be used toward the 120 required for the B.A. degree. Examples of skills credits include golf, tennis, racquetball, etc.
5. Students may count a maximum of 15 credits in military science (MSL) or naval science (NAV) toward the required 120. To count, credits must be at the upper (300-400) level, or if lower (100-200) level must be on the University's official list of approved general education courses. In no case may the combination of lower and upper level credits used toward the required 120 exceed the maximum allowance of 15.
