WELCOME

UNIVERSITY OF MAINE FLYING CLUB

At the recent meeting of the Flying Club on Wednesday, November 5, it was decided that since the majority of the prospective members could not come up with a large initiation fee at this time, interest would be kept alive via a groundschool and payment of dues toward the purchase of a plane next spring.

The following plan was agreed upon by those present:

1. Dues will be \$10.00 a month for five months to be held in escrow.
2. A ground school will be conducted during the five months at no extra cost. This will involve about two hours a week.
3. At the end of this five month period, based on a membership of twenty-five, the club should have sufficient funds to begin the purchase of an airplane and start getting in some flying time.

If at the end of these five months there is not sufficient interest, then all money will be refunded, less expenses incurred during the five month period.

If you still have an interest in flying and the flying club, please plan to attend the next meeting. It will be held Wednesday, November 12 in Room 35, Education at 7:30 p.m. At this time a slate of officers will be elected and the first payment of dues for the month of November will be collected. The amount of dues collected at this meeting will be vital to the continuation of the club.

If you are unable to attend the meeting and interested in becoming a member of the club, please contact me or Keith Doyon at the following addresses:

A club has to start somewhere and we feel that starting this way, we should be able to get some hours logged eventually. Learning to fly is not inexpensive but we feel that the formation of a club will allow the least expensive course to the final attainment of a private pilot's license.

See you Wednesday night.

PROSPECTIVE MEMBERS OF THE UNIVERSITY OF MAINE FLYING CLUB

A loan has been secured

Insurance arrangements have been made

WE ARE READY TO BUY AN AIRPLANE

There will be an organizational meeting of the Club Tuesday, March 10, in the Lown Room of the Memorial Union at 7 P.M. A progress report will be presented, drafts of the constitution, by-laws, releases and financial statements will be distributed at this meeting.

There will be a further organizational meeting the following week -- same time same place -- to organize the administration of the Club. At this meeting the official membership will be established, officers will be elected, and a plane buying committee will be appointed.

If you cannot make the meeting and are interested contact:

UNIVERSITY FLYING CLUB, Inc.

Meeting: Thursday, 7:00PM, Ham Room, Memorial Union.
(30 April)

The Cessna 150 is now at Bangor and flying is already in progress. Before Solo flight, however, be sure to get a signed release to the President or Secretary or Check-Pilot (the instructor).

At the next meeting procedures at Bangor will be discussed and other relevant topics taken up.
