Dear Pauleena;

Thank you so much for your very generous support of the 2012 American Folk Festival on the Bangor Waterfront. Patron and collaborators like the Maine Folklife Center have helped make this wonderful celebration of the traditional arts available for residents and visitors alike.

Thanks to supporters like you, hundreds of volunteers, and a loyal and enthusiastic audience, the Festival presented three delightful and exciting Festival days – and, once again, it was an incredible weekend of culture, art, and community. **Thank you** for playing an important role in keeping this Festival part of our summer calendar!

The American Folk Festival on the Bangor Waterfront is produced by the Bangor Folk Festival, a private, non-profit organization. Our production and operating expenses are funded from grants, private donations, city and state contributions, earned income, and businesses such as yours. This support allows us to bring to Bangor the highest-quality celebration of traditional music, dance, and art and to present it all free to the public.

Thank you again for your support of the 2012 American Folk Festival on the Bangor Waterfront.

Sincerely,

  
Heather McCarthy  
Executive Director

  
Carin Sychterz  
Development Coordinator
