Campus Resources for TAs

Center for Innovation in Teaching and Learning (CITL)

CITL is a resource which delivers a series of workshops, programs and trainings for faculty and graduate students. Their focus is in areas relating to research and innovation in teaching and learning, including the use of new technologies, consulting on curricular and instructional design, educational software, and technologies for instruction. CITL also offers learning design studios staffed with instructional designers and outfitted with video and audio production. (See p. 42)*

Location: Fernald Hall  
Link: https://umaine.edu/citl/

Writing Center

The Writing Center’s mission is to create longitudinal improvement in writing and communication through peer-to-peer collaboration. They provide undergraduates and graduates with professional development opportunities such as tutoring, tutoring in languages other than English, online tutoring, MLA, APA, Grammar Workshops, PC workstation, and has an Apple TV for presentations. Appointments can be made online at https://maine.mywconline.com/. (See p. 46-47)*

Location: 402 Neville Hall  
Link: https://umaine.edu/wcenter/

Tutoring Services

The Tutor Program provides tutoring for UMaine students who need academic assistance in 100 and 200 level, non-web based courses. Tutoring sessions are held Monday through Friday during the day or evening. Students learn how to process course material, sharpen their reasoning and questioning skills, and utilize available resources to become interdependent learners. (See p. 46)*

Location: 104 Dunn Hall  
Link: https://umaine.edu/tutorprogram/

Math Lab

Math lab is a space for undergraduate and graduate students to work through questions with a math tutor. There is no appointment necessary. Math Lab hours can be found on the Math Lab page of the UMaine website. (See p. 46)*

Location: 116 Neville Hall  
Link: https://umaine.edu/mathematics/math-lab/

Fogler Library Faculty Services

Fogler offers specific supports and resources for faculty and graduate students. On their “Faculty Services” page, you can find out more about: classroom instruction supports, research and publishing support, various specialized departments of interest, and membership to The University Club. (See p. 20-22)*

Location: Fogler Library  
Link: http://libguides.library.umaine.edu/facultyservices

*Page numbers reference additional information in The TA Handbook.
Campus Resources for TAs

Counseling Center
The Counseling Center offers a variety of services and programs meant to promote the personal development and psychological well-being of students. They also hope to assist in the development & maintenance of a university atmosphere that is conducive to growth, and that maximizes students’ personal and academic development. (See p. 44)*

Location: 102 Cutler Health Center
Link: https://umaine.edu/counseling/

Student Accessibility Services
The primary goal of the University of Maine Student Accessibility Services (SAS) is to create educational access for students with disabilities at UMaine by providing or coordinating disability accommodations, giving information about the University and available resources to students and families and educating the campus community. Some of the services provided or coordinated for students with disabilities include testing accommodations, note takers, ordering alternate format texts, classroom relocation, advisement on disability issues, and housing related accommodations. (See p. 33-35)*

Location: 121 East Annex
Link: https://umaine.edu/studentaccessibility/

UMaine Student Handbook
The student handbook is designed to help you understand what you can expect of the University of Maine and what the University of Maine expects of you. Policies and regulations such as parking rules and regulation, student conduct code, academic calendars, inclement weather policy, etc. can be found in this resource. (See p. 47)*

Link: https://umaine.edu/handbook/

Student Conduct Code
All members of the University are governed by University policies, local ordinances, and state and federal laws. For specific governing documents, students and/or campus organizations may refer to the University Policies and Procedures manual; campus student handbooks; campus residence hall agreement and manual; and related notices and publications.
