

Greek Peer Educator Poster Series

Playing off of road sign graphics, The Greek Peer Educator Program takes highway lingo and gives it all new meaning.

The bold icons catch student attention and the short messages remind students to be alert, cautious and thoughtful. Themes are designed to promote healthy attitudes and positive practices regarding the use of alcohol, risk management, and sexuality by all members of the Greek community.

Printed bright yellow posters are 11"x17", with twenty five posters per set. Several samples are shown.

The Greek Peer Educator POSTER SERIES is available for sale, promoting healthy practices regarding the use of alcohol, risk management and sexuality by members of the UMaine Greek Community.
