Adjournment

Before the meeting was adjourned, senators broke into groups to discuss a prompt about the GSG's Mission Statement.

Mission Statement of the Graduate Student Government

It is the mission of the Graduate Student Government (GSG) to support both the academic and non-academic activities of the graduate student body. Keeping with its mission, GSG will perform the following duties: act as a liaison between the University of Maine's administration, faculty, staff and graduate students; encourage graduate students' involvement in GSG activities and University functions; facilitate and encourage educational, professional and research activities of graduate students; disseminate information regarding graduate activities to graduate students, administration, faculty, staff and the campus community as a whole; represent graduate student interests to the University community, the state of Maine, and national organizations.

The purpose of the following prompts is to encourage us all to open a discussion about what role the GSG should play on campus and beyond, and what we want to do to support that mission. Discussion of these questions is for the benefit of both the GSG, as a whole, and for each of us, as individuals.

1. What can the GSG do to further support our mission this year?

2. As individuals, how would you like to further support the mission of the GSG this year?
3. What is one thing you would like to do as a GSG Senator between now and our next meeting?
4. What is one thing you would like the GSG President to do between now and the next meeting?
By the end of the year?
5. Does our mission statement need to be amended to better address our role in supporting graduate students? If so, what changes do you propose?
6. Please feel encouraged to discuss any other topics and make note of your discussion.
