

What our Chinese students say

CHEN CHEN, CHINA

“ I am in the Bridge Program this semester and my major is business management. My impression of UMaine is beautiful, and people here are kind. They are always willing to help you. For example, I am in English 101 right now. This is my first regular English class. My professor always asks me if I have any questions and encourages me. My friends help me to improve my English too. Just a few months at UMaine, it feels like my second home.”

GUANYU JIANG, CHINA

“ I was an IEI student and just finished my Bridge Program last semester. English 101 is not an easy class for international students. However, the Bridge Program gave me a chance to work with IEI teachers. They helped me better understand the course content and write better essays. The UMaine Bridge Program was a great platform to help me adapt my life and start my undergraduate program with a high GPA.”

JIA JUN LUO, CHINA

“ My family moved here from China and I think the IEI is a good place to improve my English. What I like best about studying here are the nice teachers and interesting classes. Also that classmates come from many different countries. IEI has helped me with my English and prepared me for university classes by teaching me a lot of skills about how to study and how to do well in classes. IEI helps me improve my listening, reading and writing, and focus on studying and making more friends.”
