

University of Maine Study Abroad Advisement Guide

FOOD SCIENCE & HUMAN NUTRITION

Seville, Spain

Spend your sixth semester (spring semester of your junior year) at Pablo de Olavide University in Seville, Spain. Seville is the capital of Andalusia and Spain's fourth largest city. Enjoy a rich culture that has been influenced by the Romans, Muslims, Jews, and Christians throughout the ages. Serving as the focal point of the Spanish Renaissance, Seville abounds in history and tradition. Experience the city as it was centuries ago. The lovely winding streets and active public squares of the Barrio Santa Cruz allow visitors insight into the oldest portion of the city, and the list of monuments and historic sites is seemingly endless. While studying, exploring the streets, visiting museums, or soaking up Spanish culture, students gain a broad education in Spanish language and civilization.

Top Reasons to Study Abroad

You will:

- change your life
- explore & grow as an individual
- learn about yourself
- learn different perspectives
- make new friends
- find out what is beyond your borders
- be amazed by places and people of different values, beliefs, and celebrations

This academic experience will enable you to:

- earn university credit
- fulfill major and minor requirements
- supplement your major by selecting courses not offered here
- learn Spanish
