Welcome to the United States! Your journey has brought you a long way from home, and we want to be sure that your stay is as safe and comfortable as possible.

As part of your program, the United States Government has required you by law to have adequate evacuation and repatriation coverage in the event of a medical emergency. Your sponsor has arranged to make available an Emergency Assistance Program from International SOS.

International SOS is the world's largest medical and security assistance company. Founded in 1974, SOS provides 24-hour emergency assistance to travelers all over the world.

You can rely on SOS 24 hours a day, 365 days a year to provide information and referrals for any medical problem you experience while here in the United States. Should an emergency occur, just call the toll-free number on your Membership Card and a medically trained SOS professional will give you the attention you deserve. Your Membership Card will be sent to you when we receive your enrollment form.

SOS has more than 25 years of experience in aeromedical evacuation procedures and will even transport you by private jet to a facility capable of treating your medical needs, up to a limit of \$50,000, when medically necessary.

If following a medical evacuation, should it be advisable for you to return to your home country as a result of a medical emergency, SOS will provide transportation, up to a limit of \$20,000 for your repatriation with medical escort, if necessary. If you die while in the United States, SOS will return your remains home, up to a limit of \$20,000.

SOS is available not only for life-threatening emergencies, but also to help with any unfamiliar situation that occurs during your stay. Sometimes you just need someone else to rely upon when an unexpected illness hits so far away from home. You can call SOS at no additional cost for information and referrals to local physicians, translations or assistance with other everyday medical problems you may face while in the United States.

For married participants, your spouse and children can also be covered under this plan. That way all the services you receive will be available should your spouse or children suffer a medical emergency. You must be enrolled, however, in order for your spouse and children to be eligible.

MEDICAL ASSISTANCE

24-Hour Worldwide Medical Information and Assistance
SOS will arrange for the provision of medical advice over the telephone for any Member calling an SOS alarm center. It must be noted that a telephone conversation, even with the local attending physician, cannot establish diagnosis and must be treated as advice only.

Medical & Dental Referrals
SOS will provide the Member with names, addresses, telephone numbers and if requested by a Member and if available, office hours for physicians, hospitals, clinics, dentists and dental clinics (collectively called 'Medical Service Providers') within the area where the Member is located. SOS will assist Members with the arrangement and confirmation of appointments with Medical Service Providers, assistance in arranging ground accommodations, post appointment communications and follow up with Members. These recommendations are based upon the best judgment of SOS and its knowledge of the local conditions and availability of medical services at the geographic location involved. SOS does not guarantee the quality of the Medical Service Providers nor shall SOS be liable for any consequences arising out of or caused by the services provided by the Medical Service Providers. The final selection of Medical Service Providers shall be the responsibility of the Member.

Emergency Evacuation
SOS will arrange and pay for the ordinary and necessary expense of air and/or surface transportation, medical care during transportation, communications and all usual and customary ancillary charges incurred in moving and transporting a Member to the nearest hospital where appropriate medical care is available, which may be a location other than the Member's Home Country. SOS reserves the right, at its sole discretion, to determine whether the Member's medical condition is sufficiently serious to warrant medical evacuation, the location to which the Member will be evacuated and the means or method by which such evacuation or repatriation will be carried out. In making such arrangements, SOS may consider all relevant circumstances including, but not limited to the Member's medical condition, the degree of urgency, the Member's fitness to travel, airport availability, weather conditions and travel distance in determining whether transportation will be provided by private medically equipped aircraft, helicopter, regular scheduled flight, rail or land vehicle. Transportation shall be carried out under constant medical supervision, unless otherwise approved by an SOS physician.

Repatriation of Mortal Remains
SOS will arrange and pay for all reasonable and necessary expenses for transporting the Member's mortal remains from the place of death to the Member's Home Country, or, if requested by a family member or legal representative and with SOS' prior written approval, SOS will arrange and pay for the reasonable and necessary expenses for local burial at the place of death outside the Member's Home Country, such expenses not to exceed the cost to repatriate the Member's mortal remains from the place of death to the Member's Home Country.

Medically Supervised Repatriation
SOS will arrange and pay for the ordinary and necessary expenses to transport the Member to his/her Home Country for subsequent in-patient hospitalization or rehabilitative treatment, following a medical evacuation where the Member is transported to a place outside his/her Home Country. SOS reserves the right, at its sole discretion, to determine whether the Member's medical condition is sufficiently serious to warrant medical evacuation, the location to which the Member will be evacuated and the means or method by which such evacuation or repatriation will be carried out. In making such arrangements, SOS may consider all relevant circumstances including, but not limited to the Member's medical condition, the degree of urgency, the Member's fitness to travel, airport availability, weather conditions and travel distance in determining whether transportation will be provided by private medically equipped aircraft, helicopter, regular scheduled flight, rail or land vehicle. Transportation shall be carried out under constant medical supervision, unless otherwise approved by an SOS physician.

Medical Monitoring
SOS will monitor the Member's condition if he/she is hospitalized abroad and keep the Member's family informed with the agreement of the Member.

PERSONAL ASSISTANCE

Legal Referrals
SOS will provide the Member with names, addresses, telephone numbers and if requested by a Member and if available, office hours for lawyers or legal practitioners within the area where the Member is located. These recommendations are based upon the best judgment of SOS and its knowledge of the local conditions and availability of legal services at the geographic location involved. SOS does not guarantee the quality of the legal advice nor shall SOS be liable for any consequences arising out of the services provided by the lawyer or legal practitioner. The final selection of the lawyer or the legal practitioner shall be the responsibility of the Member.

Lost Document Advice & Assistance
SOS will assist the Member who has lost important travel documents (e.g. passport, credit cards) by providing instructions for recovery or replacement.

Embassy & Consular Information
SOS will provide Members with contact information for embassies and consulates worldwide.

Emergency Personal Cash
SOS will provide the Member with an emergency cash advance subject to SOS first securing funds from the Member or the Member's family.

Medical Expense Guarantee
SOS will guarantee and pay as agent for the Member all costs associated with a Member's in-patient or out-patient medical care subject to SOS first securing funds from the Member or the Member's family. SOS will monitor and provide medical evaluations of the Member's condition and ongoing medical expenses when hospitalized.
