Process Title

Joint College Ownership- Undergraduate Modification Course Proposal Form - 23/24 AY
5 mandatory 8 total

Joint College Ownership- Undergraduate New Course Proposal Form - 23/24 AY
6 mandatory 7 total

Once launched, these proposals will route to each college curriculum committee. In addition, the originating unit should indicate in the proposal which college-level curriculum bodies (for example, CLAS Academic Council and the College Curriculum Committee of MCEC) will be considering it.

Once a joint proposal is launched, its progress can be tracked like that of any other course proposal (each approval stage has its own icon so one can tell at what stage the proposal sits). The circles below the proposal name are where one tracks the progress of approvals.

Questions about joint course proposals should be addressed to the appropriate associate dean. In the College of Liberal Arts and Sciences, contact Associate Dean Timothy Cole at tmcole@maine.edu or email clas@maine.edu.
