

Be a Man and Be a Role Model.

Male Athletes Against Violence (MAAV)

Violence is a way of asserting power, privilege, and control. Men perpetrate the majority of violence, yet this issue is usually framed as a "woman's issue." Change will come when we challenge the social norms and institutions that actively or implicitly condone and promote violence. MAAV is an effort to involve men so that we can begin to understand that violence is very much a "man's issue." This project was founded in the Fall of 2004.
