

# Professional Development, 2020-2021

## ONGOING PROFESSIONAL DEVELOPMENT

Professional development is embedded within all of the work of the UTC.

Every course associated with the University Training Center for Reading Recovery and Comprehensive Literacy includes an element of professional development through associated site visits, coaching visits to teaching, and support for administrators and teachers.

Continuing professional development is provided for affiliated teacher leaders and literacy coaches including site visits, coaching visits to teaching and leading, and ongoing professional development opportunities across each year. Additionally, each presentation by an invited presenter is followed-up within the ongoing professional development with action steps for application of new learning.
