Water Fountain

The Ecology Project Master Plan

Friends of Fort Williams Park
January 2021

A shift from traditional horticulture to ecology-based management and a focus on habitat restoration.

Presentation:

- Successes
- Challenges

Before

Cliff Walk Landscape

After

Before

Children's Garden

After

Challenge: Continued Funding?

**Challenge: Who
maintains?**

Challenge: Who's responsible?

Challenge: Big picture?

Conclusion:

- Successes
- Challenges

Opportunities
