EuroVelo 15: From the source of the Rhine to its mouth in the North Sea

Free SwitzerlandMobility App ...

SwitzerlandMobility App

The free SwitzerlandMobility app (for iPhone, iPad and Android) is the perfect app for anybody who is out and about in Switzerland.

maps of Switzerland from swisstopo (the best) up to a scale of 1:25,000

32,000 km signposted non-motorized routes (national, regional and local)

complete network of signposted hiking trails (60,000 km)

25,000 public transportation stops linked to the timetable of the Swiss Federal Railways (planning a tour with public transportation was never easier)

information on 4,500 points of interest on the way, such as overnight accommodations, bicycle service stations, etc.

positioning system and compass function (you always know where you are)

As a subscriber to SwitzerlandMobility Plus you can additionally

download and store swiss po maps to be used in areas without network coverage on more problems with dead

Say yes to all reasonable invitations
