

# The University of Maine NJROTC Pathways to Engineering Program

A Pilot Program to provide a Navy commissioning (ROTC) opportunity for highly motivated and exceptional NJROTC cadets. The University of Maine NJROTC Pathways to Engineering Program prepares Midshipmen-Candidates to succeed in the Naval ROTC curriculum.

## Benefits:

The University of Maine will provide tuition, fees, room & board for a one-year NROTC preparation program as Midshipmen Candidates. Provided the candidates meet criteria listed below they will be awarded a National NROTC scholarship to The University of Maine at the conclusion of their first year. This NROTC scholarship will provide up to 4 additional years of tuition & fees to attend UMaine. During the four years of NROTC at UMaine, The University of Maine will provide for room and board. A complete full ride!

## Requirements:

- Science, technology, engineering or math major (33 majors available)
- Maintain greater than 2.8 minimum GPA
- Pass Navy's Physical Fitness Assessment once a semester with a score of "Good Low" or higher
- Maintain good standing\* within the ROTC unit
- Live in University of Maine provided housing
- Receive a favorable endorsement from the Professor of Naval Science and the College of Engineering at the conclusion of year one as a Midshipman Candidate
- Meet Department of Defense minimum standards for physical qualifications for commissioned officers

\* Good standing is defined as maintaining academic and physical requirements per NSTC 1533.2C - Regulations for Officer Development
