Cohort Size		120	88	96	101	153	192	164	169	214	268

Notes.

- Retention and graduation rates are university-wide statistics: They do not necessarily reflect continued enrollment in, or graduation from, the college in which the student began.
- Cohort size is the initial number of students. Consistent with IPEDS guidelines, however, graduation rates are calculated based on a cohort size adjusted for student mortality.
