

UMaine Degree-Seeking Veterans

Highlights:

UMaine veterans comprise roughly **2.5% of our degree-seeking undergraduate population and 3.2% of our graduate student population.**

Over the last ten years, the number and percentage of undergraduate degree-seeking veterans have dropped slightly, while the graduate degree-seeking veteran population has grown in both number and percentage of the overall graduate population.

The charts that follow illustrate trends in degree-seeking veterans at UMaine over the last 10 years.

The tables on the following pages provide additional detail on subsets of the veteran population at UMaine.

Please note: The data we have on student veterans is self-reported and may be incomplete.

Definitions:

Veteran: A student who self-reported as a military veteran on an admissions application to any UMS campus or has ever received benefits as a veteran that have been processed directly by a UMS institution.

Received Veterans Benefits (Including Active Duty)*: Indicates the student had a military benefit processed by UMaine in the specified term. It does not include direct payments to students.

Received Veterans Benefits (Active Duty Only - TA or 1606):** A subset of the students listed as Received Veterans Benefits above, restricted to those who received Active Duty benefits (Tuition Assistance or Chapter 1606).
