

# Cellulose Nanomaterials Researchers Forum

## STUDENT POSTER SESSION & COMPETITION

The Process Development Center (PDC) at UMaine will offer the opportunity for deeper exchanges among students who are conducting research with sustainable biomaterials. Both undergraduate and graduate students are invited to present their research works with **cellulose nanomaterials** or other **sustainable biomaterials**. Postdocs are also welcome to present posters but will not be part of the competition. Students are also welcome to participate in a **3-minute Rapid Fire Session** to present their work.

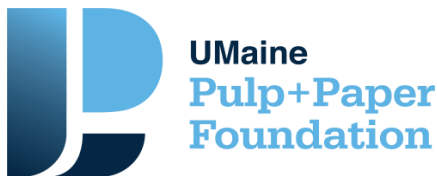

### Competition Prizes!

1<sup>st</sup> Prize - \$300

2<sup>nd</sup> Prize - \$200

3<sup>rd</sup> Prize - \$100

### SPONSORED BY

### FORMAT

The poster dimensions are **36 inches long & width 24 inches**. We highly encourage you to organize the contents in the poster by dividing them into the following:

- *Abstract*
- *Introduction/Background*
- *Goals and objectives*
- *Materials & methods*
- *Results & discussion*
- *Conclusion*

When your poster is ready to print, email it to the poster session chair and/or co-chair. You are done! We will take care of printing and placing in the venue.

*If you have any samples of your research that you want to display along with your poster, then please let us know so that we can make the necessary arrangements!*

**Deadline: August 1, 2023**

Poster Session Chair: Rakibul Hossain (rakibul.hossain@maine.edu),

Co-chair: Nabanita Das (nabanita.das@maine.edu)

**Feel free to reach out with any questions. We are looking forward to meeting you.**
