

Bachelor of Arts - Psychology & Community Studies, 2021-22

Recommendation:

- 1. Program is distinct from any UMaine counterpart. Integrate courses and offer as a UMM-based program.
- 2. Program overlaps substantially with a UMaine counterpart. Incorporate with the UMaine counterpart. A single program will be available to students at both campuses.
 - 2a. Offer the same curriculum at both campuses (available electives and some requirement alternatives may be different).
 - 2b. Offer different concentration options at each campus.
- 3. Discontinue program.

Notes:

General Requirements

To graduate, students must earn a minimum of 120 credits and achieve a cumulative GPA of at least 2.00. Students must meet all University Core Requirements in addition to program and concentration requirements. The University Core requirements may be met in part by certain Psychology & Community Studies program requirements. For example, the Global Perspectives core requirement is completed in this manner.
