PURPOSE AND INTENT

The University of Maine brand — our promise — is crucial for visual identity and credibility. A well-defined and executed brand creates a consistent, enduring message of quality, reliability, effectiveness and leadership. It can contribute to sustained support, both public and private; aid in recruitment of prospective students, faculty and staff; and help send a clear message about our impact on the state — and beyond.

UMaine’s brand benefits the people, programs and places in the university community, and helps constituents and those without affiliation clearly identify the institution and its mission.

UMaine’s brand standards are guides to help members of the university community be part of the University of Maine brand. The goal is not to make all UMaine printed and online communication look identical, but rather as members of the same family. In turn, consistent use of the standards shapes and strengthens institutional image, and increases the value and equity of the UMaine brand.

While consistent use of the standards shapes and strengthens UMaine’s institutional image, effective and promotional implementation of our vision for the future will sustain that image. Instant recognition is only part of the goal in solidifying the UMaine brand. The ultimate goal is for our brand — and therefore image — to be sought-after by new markets convinced of the credibility UMaine has stood for since 1865, and the leadership we will carry into the future.
UMAINE’S MISSION

The University of Maine brand is rooted in UMaine's mission statement. The brand defines UMaine, clearly and consistently reinforcing what the University of Maine offers and what our constituents can expect.

• The University of Maine advances learning and discovery through excellence and innovation in undergraduate and graduate academic programs, while addressing the complex challenges and opportunities of the 21st century through research-based knowledge.

• Opportunity for all members of the University of Maine community is a cornerstone of our mission. The university welcomes students, research partners and collaborators into an atmosphere that honors the heritage and diversity of our state and nation.

• Founded in 1865, the University of Maine is a land and sea grant institution, and the flagship campus of the University of Maine System. This vibrant and dynamic university serves the residents of Maine, the nation and the world through our acclaimed programs in teaching, research and outreach.

• Inspiring and dedicated teaching propels students into new fields of learning and promotes interdisciplinary understanding. Our educational goals are to help students develop their creative abilities, communication and critical thinking skills, and understanding of traditions in ethics and rationality in the arts, sciences and professions.

• Internationally recognized research, scholarship and creative activity distinguish the University of Maine as the state’s flagship university, where faculty and students contribute knowledge to issues of local, national and international significance. As the state’s doctoral-granting institution, research and education are inextricably linked.

• Comprehensive outreach, including public service, Cooperative extension, continuing education and distance learning, engages learners of all ages in improving their lives and communities. Using research-based knowledge, outreach efforts promote sustainable use of Maine’s abundant natural resources and build intellectual, cultural, and economic capacity throughout Maine and beyond.

• Through integrated teaching, research and outreach, the University of Maine improves the quality of life for people in Maine and around the world, and promotes responsible stewardship of human, natural and financial resources.

1.1 UNIVERSITY OF MAINE AT MACHIAS PRIMARY LOGO

This is the primary color logo for the University of Maine at Machias. Color options are shown on the following page.

Buffer space must be maintained around all logos. The general rule is to allow 1/4” margin space between the logo and other elements.

All UMaine logos are vector files. Vector art uses mathematical proportions to allow art to be scalable to any size without losing clarity. Logos are available in the online branding toolbox (umaine.edu/brand/graphics/logos)

To use vector art, follow these instructions:

1. Download the logo to your desktop or to a folder on your computer.

2. Open your layout program.

3. From the layout program, use a menu item such as “get picture” or “place graphic” to navigate to the logo and bring the logo directly into the layout. (This is the same process used for importing photos.)

4. Hold the shift key to maintain proportions while sizing the logo by pulling the corner handles in or out.
