

## All Maine Women

# Oral History Interviews

**T**he All Maine Women, a UM honor society, annually have undertaken the service of interviewing up to four UMaine retirees. The 2019-2020 interviewees were:

1. Mazie Hough, History and Women's Studies
2. Alfred Leick, Spatial Information and Engineering
3. Barbara Ouellette, Associate Director, Honors College
4. Robert Strong, Maine Business School

Retirees had started employment at UM for many different reasons as revealed on the video. Listen to retirees describe a UM that has changed over the years and also become eyewitnesses/participants of the evolution.

Marian Dressler, a former member of All Maine Women and the mentor to the All Maine Women for this project, will introduce these interviews.
