Student face covering 101

Acceptable face coverings

Cloth face covering
A protection made from textile materials that covers the nose and mouth, allowing for breathing without restrictions with:
- Multiple layers of fabric
- Snug, comfortable fit against the side of the face
- Ties or ear loops
- Ability to be laundered and dried without warping

Examples of acceptable cloth face coverings:
- Clear face coverings
- Dust face coverings
- Disposable face coverings
- KN95s (non-NIOSH certification)

Not acceptable face coverings

N95, N100 or P100 filtering face piece (with exhalation valve)
Any respirator that has an exhalation valve does not provide source control

N95 or P100 filtering face piece (without exhalation valve)
May be used only with special permission and approval

Half-face and full-face respirator

Neck gator or bandana-style covering
Open at the bottom

Face shield
Not acceptable solo; must be worn in combination with a face covering
