\* The MSW Program requires 9 credits of electives (generally 3 courses, though we do offer some 1-credit electives) which you may take whenever works best for you. SWK 580 is considered an elective and is only taught in the spring and summer.

\*\* If you need 6 credits for financial aid, and you know you will be doing summer block, you might choose to take a leave in your first fall to save at least one of your elective classes for fall of your second year.

**Other things you need to know:**

1. Online-Blended Advanced Standing MSW students must complete three electives totaling 9 credits. Students who wish to become licensed at the Licensed Clinical Social Work level must choose SWK 580 (Psychopathology) as one of their three credits of electives and another 3 credits of electives that meet the requirements for clinical social work.
2. Online-Hybrid Advanced Standing MSW students who want to complete the Specialization Year Field practicum (SWK 695) by doing a Summer Block Field practicum (May to August, 38-40 hours per week, during their final semester in the program) must petition for a change in their Program of Study. To petition for a change in their Program of Study, students should 1) attend a field application information meeting, and 2) submit the MSW Specialization Year Field Petition for Change in Program of Study form to the field team by December 1<sup>st</sup> of their first fall semester.
