

School of Economics
4+1 Economics Master’s Program
 Pre-Application

This form is an internal application for admission to the 4+1 accelerated route for graduate study in the School of Economics (SOE) at the University of Maine. As a general policy, the School of Economics does not offer graduate funding for 4+1 students.

The 4+1 Route to a Master’s Degree in Economics

The 4+1 program allows Economics majors to take on graduate coursework during their final undergraduate years in order to complete a master’s degree with one year of graduate study. Students first apply to the 4+1 program during their sophomore or junior year, using this pre-application. If preliminarily accepted, students take graduate coursework during their junior and senior years, which can be counted toward their graduate degree if accepted into the program. Acceptance to the graduate program is separate and not guaranteed by this pre-application. Prospective 4+1 students must apply to Graduate School during their senior year. If accepted as a graduate student, the graduate course credits taken during undergraduate study will be counted toward the student’s graduate record upon successful completion of Master’s requirements. This form helps to prepare students for the 4+1 trajectory by facilitating their degree planning.

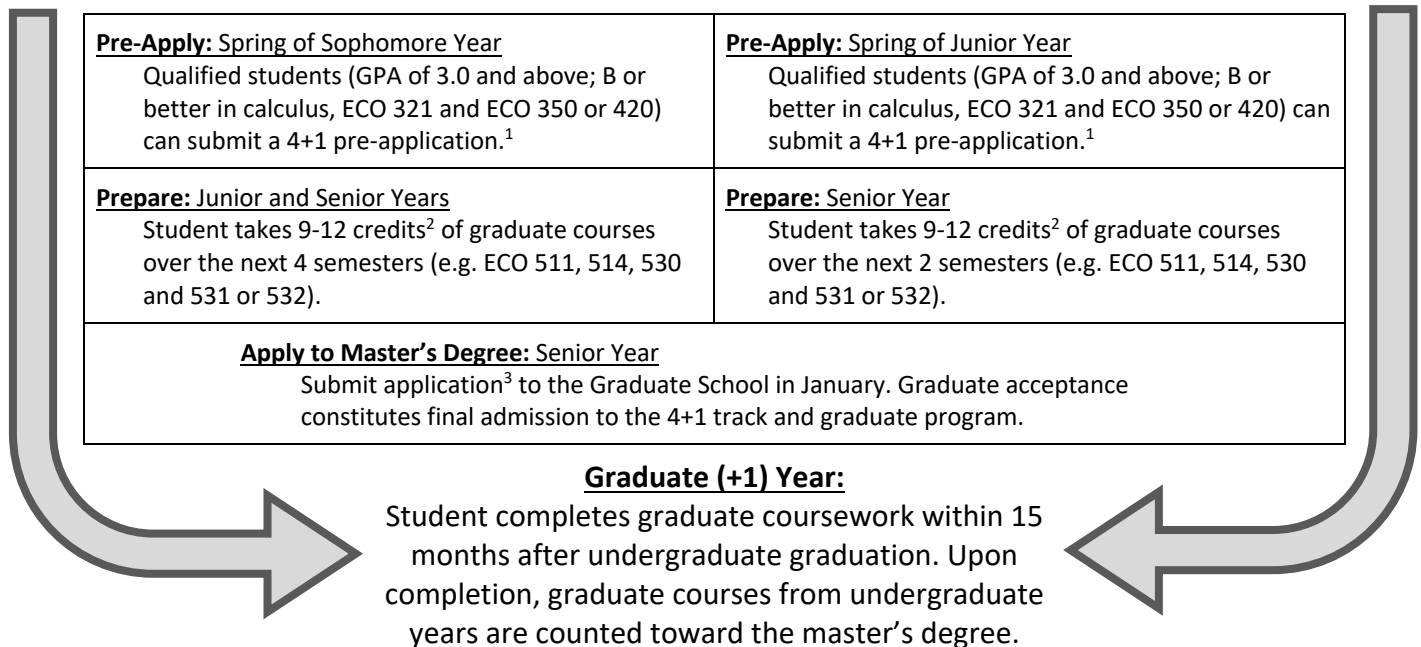

Submit this Pre-Application to the School of Economics graduate program:

Graduate Coordinator: Sharon Klein, sharon.klein@maine.edu

Administrator: Shelley Rollins, srollins@maine.edu

Option 1: Slow and Steady

Option 2: Quick and Energetic

¹ Applicants to the 4+1 track will be sent a letter of admission status (copying Graduate School). Acceptance in the 4+1 track is not acceptance to the Graduate School.

² Students may count graduate courses taken as an undergraduate toward their graduate degree in proportion to their total undergraduate credit load, provided those courses are not used to meet undergraduate degree requirements. With 120 total credits, 9 graduate credits (~3 courses) can be counted toward the masters, for 123 total credits, 12 graduate credits (~4 courses) can be counted, and for 126 total credits, 15 graduate credits (~5 courses) can be counted.

³ Programs have the discretion to waive admission requirements for 4+1 students such as GRE scores and letters of recommendation.

I. Applicant Data

Name _____ MaineStreet ID _____
(Family Name) (First) (Middle)

Maiden name or other names under which records may be filed _____

Mailing Address _____
(Street) (City, State) (Zip Code) (Country)

Phone Number _____ email _____

Date of Birth _____ Gender _____

Current undergraduate degree you are seeking: _____

Cumulative undergraduate GPA on a 4.0 scale: _____

Semester you expect to take first graduate course: _____

II. Academic History

List in chronological order all institutions of collegiate standing, and location, that you have attended. Include dates of entering and leaving degrees received or for which you are a candidate. The School will access transcripts from the University of Maine. Official transcripts from other colleges and universities must be sent **directly** from these institutions to the SOE Graduate Coordinator (contact info above)

Name of Institution	Dates Attended	Major	Name of Degree or Diploma	Date Degree Received or Expected

List any honors, prizes or scholarships previously awarded to you on the basis of academic achievement, or any honor societies to which you have been elected.

List any employment or other activities related to your current undergraduate program or the proposed graduate program of study. If you have taught, name subjects.

III. Graduate Record Examination (GRE)

Provide the date you have taken or intend to take the **Graduate Record Examination** (Not required until senior year)

Date of Exam _____

GRE scores: Verbal _____ Quantitative _____ Analytical Writing _____ Subject _____

Please have the official scores from the GRE exams sent directly to the University of Maine Graduate School. The institution code for UMaine (ORONO) is 3916. Register for the GRE Computer-based General Test at www.ets.org.

IV. References

List names and addresses of three people whom you are asking to send letters of recommendation. Letters of recommendation must be recent and must be written by people qualified, through personal experience with your academic work, to judge your capacity for advanced study. Current university instructors would be highly appropriate. Applicants should request the named people to send their recommendations directly to the Grad Coordinator. Hard copy and/or electronic letters are acceptable.
