

Summer Institute
for K-12 Professionals:

Québec Dimensions

*Historical, Geographic
and Cultural Explorations*

Valuable for teachers, curriculum coordinators & administrators of social studies, geography, history and French to experience Canada's largest province and only province with French as the sole official language. Valuable also for Pre-Service teachers and Librarians.

Québec Dimensions provides foundations in history and geography with contemporary cultural insights through first-hand experiences. The Canadian & Québec content taught by the Institute's Québec academic specialists is designed to support educators of: comparative cultures; world, U.S., & AP history; North American geography; and all French language classes. Institute content is designed to meet Common Core, C3 and state standards with Canadian content. Select curriculum materials and teaching resources will be provided.

Produced by the Northeast National Resource Center on Canada: University of Maine & SUNY Plattsburgh with support from the U.S. Department of Education & Québec Government

Montreal & Québec City
CANADA

June 23-28, 2019
