

# THE THINK TANK

MAINE

The Writing Center specializes in creating an atmosphere dedicated to helping students excel in all things pertaining to writing papers, projects, proposals, speeches, and much more! No matter what skill level, our tutors are happy to help!

## Partnership with CMJ!

The Writing Center has officially become a partner with the Department of Communication and Journalism! If you are a CMJ student, look for our tutor ambassadors in your classes who are trained to help you with public speeches, oral communications, presentations, and organizational designs. Workshops will also be featured in the Writing Center, so keep an eye out on our schedule! To access available times and dates, visit [umaine.edu/wcenter](http://umaine.edu/wcenter).
